Dear Parent or Carer

RE: Free Self-Study Course from Eton College

I am delighted to share the news that our current students at Key Stage 4 and Key Stage 5 can take advantage of a free self-study course from Eton College. The courses are certifiable and are very high quality. The knowledge and skills learnt will help to develop essential employability skills. They will help to enhance their curriculum vitae and personal statement.

Each course will last approximately 7-10 hours and is presented by an Eton Teacher. The skills learnt are designed to be beneficial to all students, whether preparing for Sixth Form, for higher education, apprenticeship or the workplace.

During lockdown our Year 11 and Sixth Form students had the opportunity to complete different online courses with Eton College. The student feedback was excellent from these courses. Please ensure your child embraces this opportunity to complete the course and develop vital employability skills.

The courses available this academic year for each year group are:

- Year 10s – Entrepreneurship
- Year 11s – Writing Skills
- Year 12s – Research Skills
- Year 13s and 14s – Resilience

The access code for the courses will be emailed directly to the students' school email accounts.

Yours faithfully
