Dear Parent or Carer

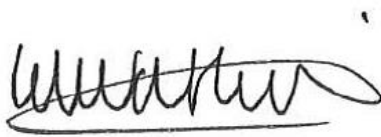

RE: Schools' Music Service

We have been contacted by the Schools' Music Service to advise us that they have been delivering online instrumental lessons to students from our school during this period of school closure.

To ensure that students are not missing out due to the School's Music Service holding incorrect contact details for you, we have been asked to pass on the following message to you from them:

*Dear Parent or Carer, please confirm your email address by emailing **schools.music@eastriding.gov.uk** including your child's name, instrument, school and school year. Thank you in advance, School's Music Service.*

Yours faithfully

Mrs W Watkins
Administration Manager
