

2021 Prospectus

Drifffield School
& Sixth Form

Believe • Achieve

Welcome to Driffield School & Sixth Form

Since taking up post as Executive Principal of Driffield School & Sixth Form in April 2018, I have been delighted by the friendly and supportive nature of the students, parents and staff. The school has enormous potential and I look forward to welcoming your child to the school at such an exciting time.

At Driffield School & Sixth Form, we recognise that choosing a school for your child is a crucial decision and we take our responsibilities very seriously when parents entrust their child's education and care to us.

We will do everything we can to ensure that every individual child receives the care, support and guidance they need to thrive. We are ambitious for each one of our students, sharing in their successes and seeing them leave us after seven years, able to fulfil their dreams and aspirations. We will do our utmost to help them succeed and we have high standards and expectations of all our students.

All our students benefit from a broad and balanced curriculum that ensures that they experience exciting opportunities both within and outside the classroom. Our curriculum is designed to enable our students to make good progress towards their academic targets and to provide remarkable experiences that will stay with them for a lifetime.

We very much hope that the information in this prospectus gives you a flavour of what we have to offer. More details are available on the school website, through regular newsletters and school round-ups.

Teaching & Learning

"The quality of education is good."

Ofsted 2020

Our ambitious curriculum is designed to ensure that all students are able to thrive, both academically and personally, at Driffield School & Sixth Form. The curriculum we deliver is knowledge-rich and aims to equip all of our students with the knowledge, skills and experiences that they need to be successful people and have better lives. This is underpinned by a culture that places a high value on literacy and vocabulary, which are both crucial to academic achievement, future learning and employment.

The five year curriculum is broad and balanced; we teach this in two key stages (Key Stage 3 in Years 7, 8 and 9 and Key Stage 4 in Years 10 and 11). In both key stages, students will experience lessons that are motivating, purposeful and challenging.

We aim to encourage proactive thinking in all lessons and expect all students to have high aspirations.

At Driffield School & Sixth Form, we strongly believe that students should study a balanced curriculum that places equal importance on moral, spiritual, emotional and physical development. We teach our students the importance of British values in order to develop them into thoughtful, responsible and informed members of the community, who are prepared for life beyond school.

GCSE Results

2019 was a year of celebration for Year 11 as the Basics measure improved for the fourth year running. 66% of students achieved at least a standard pass in both English and maths, a further 4% increase on last year, and 44% of our students achieved a strong pass or above in both maths and English (a 9% increase on last year's results).

We are incredibly proud of every one of our Year 11 students and our GCSE results continue to give Driffield School & Sixth Form a great platform for further success in the coming years.

Please note, no external exams took place in 2020 due to the Coronavirus.

"Pupils are well prepared for their next steps in education or employment."

Ofsted 2020

Uniform

For specific information about the school uniform and local stockists, please visit our school website.

Pastoral Care & House System

Students need to feel part of a community, so high-quality pastoral care and support is our priority. Our house system comprises of four houses to enable students to feel part of a small and distinct group, along with being a member of the wider school community.

"Driffield School and Sixth Form is a friendly and happy place."

Ofsted 2020

The house system is designed to encourage students to achieve their best at all times and provides key opportunities to celebrate student success.

Each house comprises of a Head of House and a team of tutors who will deliver aspects of our Personal Development Programme during a daily tutor time period. Students are allocated to a tutor group with students of their own year group, enabling the effective delivery of age-appropriate materials.

To complement this, each year group is overseen by a Head of Year to ensure swift and efficient support and communication for students within a specific year group.

The house teams organise a wide range of events to promote community spirit and healthy competition between the houses. This might include sporting activities, fundraising events and departmental competitions.

Careers Education

We are committed to providing high-quality and impartial careers advice to ensure that all of our students are able to make the right choices about their future. Our careers programme runs from Year 7 through to Year 11 and then continues in the Sixth Form. This programme includes a mapped Careers Education, Information, Advice and Guidance (CEIAG) programme that is embedded into all curriculum subjects and Achieving Personal Excellence (APEX), as well as employer talks, career fairs, motivational speakers and visits to colleges and universities. The programme is designed to inspire and motivate students to fulfil their potential by exploring different fields of work, identifying where their interests lie and equipping them to make informed choices about their future career route, based on up-to-date knowledge of the employment market.

Industry Mentoring Scheme

We have an Industry Mentoring Scheme to help equip our learners with the skills they need for the workplace. The initiative is already seeing students in Year 12 and Year 13 being paired up with representatives from local businesses who will share their skills, knowledge and experience to give the students the best possible preparation for the working world. One-to-one support is offered in areas such as CV building, university and job applications, work experience placements and day-to-day skills such as time management and organisation. The scheme helps bridge the gap between education and employment, as well as giving local businesses the opportunity to attract local talent to future job roles.

Advice and Guidance

CEIAG is a high priority at Driffield School & Sixth Form. The programme (which begins in Year 7) raises aspirations, challenges stereotypes and actively promotes equality and diversity. The information supports their learning and their future decisions, in particular for future option choices and how certain subjects are required for specific careers. Our Year 9 students have access to U-Explore and the START Profile, online services that provide tailored careers information. Through these services, we encourage them to investigate different career choices and the required qualifications.

APEX Lessons

The Achieving Personal Excellence (APEX) curriculum has a dedicated six-week unit to support our students with the knowledge and understanding of all career pathways. All students are signed up to the START profile platform, which allows students to explore pathways based on interest, skills and qualifications.

Employability Passport

Year 10 and 11 students will work towards an Employability Passport. They will develop the seven fundamental employability skills:

- Self-management
- Teamwork
- Business and customer awareness
- Problem-solving.
- Communication & literacy
- Application of numeracy
- Application of ICT

The Employability Passport has been developed and agreed by the Employment and Skills Board. The Employability Passport programme will help prepare students for the responsibilities and opportunities that they will encounter in life. It aids them in making the right decisions for their futures. Moreover, they will have the opportunity to listen to outside speakers from local universities, the National Citizen Service, colleges and businesses.

The provision is very diverse and gives accurate, unbiased careers advice. Students use 'Log on Move on' to complete a personal profile and research further education and apprenticeship options.

"Leaders and staff have created a positive environment based on the school's motto 'Believe, Achieve'."

Modern classroom facilities

Acres of fields, courts & pitches

Facilities

Our facilities have been designed to ensure that our students are able to work in a purposeful, well-resourced environment that promotes learning.

There has been a significant investment in Driffield School & Sixth Form; we are proud of our purpose-built Art & Technology Building (which was custom-made to our exact requirements) and there has been a recently-completed one million pound investment to replace the roof and all windows in our North Building.

We have outstanding facilities on site, including the Sports Centre (which is solely for student use during the school day). Furthermore, our state-of-the-art Performing Arts block allows students to perform in an atmospheric environment to enhance their learning experience.

The school also boasts a number of well-equipped computer suites, with access to desktop computers and also iPads that have access to Wi-Fi across the site.

Additionally, a six-figure sum has been invested in the redeveloping the Sixth Form Centre to create a new ICT study-suite, sixth form cafe and social area.

12 ICT suites and site wide wi-fi

A variety of hot & cold meal options available daily

Wider Opportunities & Extra-Curricular Activities

We are proud of the wide range of enrichment opportunities our students enjoy and we encourage all of them to take part in activities outside of their timetabled lessons. We are passionate about providing memorable experiences outside of the classroom that will support students' academic success and their personal development.

At Driffield School & Sixth Form, our extra-curricular music provision is exciting, vibrant and very well attended. The extra-curricular music provision enables students to perform in concerts and events locally and around Europe. The Big Ensemble is open to all instrumentalists and this is the principal ensemble that incorporates a concert band, rock band, percussionists and vocalists. Since 2014, our European music tours have directly benefitted student confidence, independence and maturity in performing music, with our most recent trip visiting Madrid at Easter 2019.

The music department offers an array of music ensembles for our students to take part in at lunchtimes and after school. These also include the brass and jazz band. The brass band is a student-led band and they play at significant events in the year such as Remembrance Sunday and Christmas concerts.

Each year, we are very proud of the remarkable school productions that showcase the talent of a large number of Driffield School & Sixth Form students.

Our most recent productions include Oliver!, We Will Rock You, The Little Shop of Horrors, Billy Elliot and Rock of Ages. Students and staff contribute to these productions in a variety of ways including acting, singing, set design, costume design and stage make up. This helps to build team work and a real sense of community spirit.

The PE department offer a diverse range of sporting activities for students. Some of which are: rugby, netball, football, basketball, table tennis and badminton. There are also lots of other extra-curricular activities that ensure we cater for all student interests. These include: reading, musical theatre and art clubs. All students also have access to our well-resourced library and ebooks through our electronic loan system.

"Pupils benefit from a wide range of extra-curricular opportunities"

Ofsted 2020

Trips & Visits

Driffield School & Sixth Form offers a wide range of local, national and international educational visits which aim to support the curriculum, as well as broaden students' experiences and learning beyond the classroom.

"Staff ensure that all pupils feel welcome within the school."
Ofsted 2020

Many departments offer exciting trips in order to enhance their curriculum across Years 7 to 13. Some of these include biology fieldwork at Burniston shore, geography fieldwork at Barmston and Flamborough, the history castle study at Helmsley and art visits to venues such as Yorkshire Sculpture Park.

One of our most popular and longstanding trips, running each year, is the ski trip to Bormio, Italy. The resort of Bormio is in the Valtelina area of the Alps and is home to many professional events, including the World Cup.

Our music tours have travelled across Europe since 2014, showcasing their music skills at locations such as Salzburg in Austria, Maastricht in Holland, Lake Garda in Italy and Moselle in Germany.

Geography Field Trips

Music Showcase Tours

Spiers Bank House

The geography department also run several trips abroad to locations such as Italy and Iceland. The sixth form geography students all enjoy an overseas residential visit which, in previous years, has seen them climbing the slopes of Mount Vesuvius in Naples, Italy, or relaxing in the Blue Lagoon and adventuring on glaciers in Iceland. The visit not only builds on learning, but enables the students to engage in enriching experiences.

Driffield School & Sixth Form is also fortunate to have access to Spiers Bank House. Spiers is an ex-forestry commission house located near Pickering in the North Yorkshire Moors, which provides residential and cooking facilities. It is a fantastic resource which allows the development of students' outdoor experiences, as well as personal development.

Sport

At Driffield School & Sixth Form, we encourage all abilities to attend an extensive programme of extra-curricular activities and provide enrichment opportunities for all students. We have strong relationships with our local feeder schools and we host primary competitions for hockey, biathlon, swimming and orienteering. This aids transition to secondary and encourages lifelong participation.

Competitive Sport / Extra Curricular

In addition to the main curriculum, we have a range of extra-curricular clubs designed to not only encourage participation, but also stretch and challenge students of all abilities. Although the main aim is to gain maximum participation, we also take part in a variety of individual and team fixtures in friendly, local, regional and national competitions. In the last academic year, we took part in over two hundred fixtures in a variety of activities, with successes in the Yorkshire boys' and girls' cricket championships, area football competitions, five-a-side football and many more.

Supporting Talent

Some students have achieved amazing success over a period of years due to their dedication and commitment, competing at national and county in rugby, gymnastics, boxing, cricket, archery, ice hockey and athletics. Students who participate in competitive sport are well-supported at Driffield School & Sixth Form. We have been part of the Sky Sports Ambassador programme, receiving advice and support from GB stars including Nicola Minichiello (Bobsleigh) and Rachel Mackenzie (Thai boxing).

Leadership Opportunities

Leadership is a key element taught within all physical education activities. Within Key Stage 4, it plays a role in every lesson with the emphasis on student-led activities and different roles and responsibilities. The OCR National Sports Studies course provides leadership units that require planning, production and reviewing of sporting activities.

The Sports Leaders UK award is a fantastic opportunity for students to take personal leadership to a further level. It gives our students a chance to develop leadership skills, as they are able to support the running of primary sports activities and extra-curricular clubs.

Inter-house Competitions

At Driffield School & Sixth Form, we have a long tradition of inter-house sports and, in addition to the PE lessons, all students take part in inter-house competitions in a variety of activities. These include the usual team sports but also dodgeball, softball and ultimate frisbee to ensure every student is able to be involved and keep the levels of participation and enjoyment as high as possible in a fun, competitive environment.

At the end of the school year, we hold the House Sports Day, which is a culmination of all of the competitions throughout the year and a chance to bring the students together as one, behind their house banners, to compete for the title of overall House Champions.

Inclusion Services

The primary aim of our inclusion service is to work in partnership with students, parents and staff to facilitate personalised programmes of support and create an enjoyable and successful educational experience for all.

The inclusion team work closely with pastoral teams to ensure that the needs of every child are met and they feel supported both pastorally and academically. Student progress is regularly reviewed in order to put additional support in place where appropriate and ensure that all students are able to fulfil their full potential.

We have specialist staff who are able to provide support for students who are experiencing social, emotional or behaviour issues and they work alongside a wide range of professional agencies outside of school, including the Youth and Family Support Service, MIND and CAMHS.

We also have an on-site Health Advisor, based in our purpose built Health Point, who supports students with any first aid requirements and, in conjunction with the school nurse, can provide support for ongoing medical conditions.

Special Educational Needs & Disabilities

At Driffield School & Sixth Form, our aim is for all students and staff to enjoy learning, experience success and to develop their full potential.

We have an inclusive approach where all students are included in the life of the school. Some students may have additional support to facilitate engagement in the classroom and in learning. This support may be:

- Teaching assistant support in lessons
- Teaching assistant support at social times
- Nurture group provision
- Literacy interventions
- Numeracy interventions
- Communication and interaction support
- ELSA programme
- Pastoral interventions.

The Special Educational Needs and Disability team is managed by the Director of SEND and the SEND Manager. The team works in partnership with a range of external agencies to ensure a holistic approach in providing appropriate and effective support. In addition, the team liaises closely with the SEND departments across the Trust and is supported by the Trust Director of SEND.

For more information about how students with SEND are supported at Driffield School & Sixth Form, please see the school's SEN information report on the school website.

"Pupils are happy at the school and say that it feels safe."

- Ofsted 2020

Sixth Form

Darren Andrews

Head of Sixth Form

Our primary aim is to ensure that every post-16 student at Driffield School & Sixth Form achieves the best possible results in order to access the future of their choice. With a 100% pass rate and outstanding progress scores, our students gained fantastic results last year and many are embarking on courses at the country's most prestigious universities. With one in three students going to Russell Group universities, we significantly exceed the national average of 10%.

We have high aspirations for our students and provide them not only with the opportunity to excel academically, but also allow them the space to develop personally. Our recent refurbishment of the Sixth Form Centre has ensured that the students have a modern and stylish space in which to learn and socialise. Our superb Student Union, which is organised and managed by the students, serves to define the culture of our Sixth Form as a student-centred environment striving for outstanding outcomes.

Students receive excellent teaching and support from staff who are always prepared to go the extra mile for their classes. This encourages students to develop into independent learners, ready to face the challenges of life after sixth form. We believe that we are building one of the most challenging, inspiring and exciting post-16 environments in the country.

We are dedicated to giving students the best academic support and most diverse range of opportunities possible. This ensures that they will look back on their sixth form years as some of the most enjoyable in their lives.

Communication

We believe that regular communication with parents is essential to ensure you are fully informed of the academic progress and personal development of your child and that achievements are celebrated. Each student is placed with a form tutor who meets with their form each morning. Support is also provided by a Head of Year and parents are encouraged to contact the school through their child's Head of Year.

A range of methods are used to communicate with parents, including parents' evenings, progress reports, newsletters and electronic forms of communication including email, the school website (www.driffieldschool.net), Twitter (@driffieldsch) and Facebook (@driffieldschool). If at any time you need to update your mobile number or email address, please telephone the school or email office@driffieldschool.org.uk and your records will be updated.

Finally, we are proud of our students and welcome the opportunity to show prospective parents and students around the site. If you have any further questions, or would like to arrange a visit, then please contact the school.

Who we are:

The Education Alliance Multi-Academy Trust was established in 2015 so that South Hunsley School and Sixth Form College could support the setting up of Hunsley Primary School, the East Riding's first and only Free School.

In February 2016, Malet Lambert School, an 11-16 school in Hull, joined the trust and the following year, Driffield School & Sixth Form joined as a sponsored academy. The most recent secondary school to join is The Snaith School, an 11-16 school, and North Cave CE Primary School joined at the start of the academic year 2019-20. In addition to the six schools, South Hunsley School is also a Teaching School (The lead in Wolds Teaching School Alliance) and a National Support School.

The trust also operates Yorkshire Wolds Teacher Training, the only SCITT based in East Yorkshire, which is training a new generation of primary and secondary teachers in East Riding and Hull.

Our purpose:

We are here to make great schools and happier, stronger communities so that people have better lives.

How we do this:

The way we do this is by:

- Always doing what is right
- Trusting in each other and standing shoulder-to-shoulder
- Doing what we know makes the difference

Doing what is right means always acting with integrity, in the interests of others, and being honest, open and transparent.

The trust has a clear, transparent and effective governance framework. Further information regarding the Members, Trustees and Governing Bodies can be found on the Trust website, alongside our Governance Framework and Scheme of Delegation.
