

### **Careers Update 15 June 2021**

#### **Year 10 Taster Morning At East Riding College Wednesday 14 July**

The aim of the taster morning is to allow students to experience a further education college, to experience different subjects areas, to make the link with vocational learning and their potential future career.

If your child wishes to attend the taster morning at East Riding College then please ensure you have completed and returned the consent letter.

The tasters are covering the following departments:

Departments	Kit Required for the Taster
Business	
Public Services	Sports Kit
Sport	Sports Kit
Travel and Tourism	
Bricklaying	Hard boots and suitable clothing – please note this will be very dusty
Plumbing	Hard boots and suitable clothing – please note this will be very dusty
Engineering	Hard boots and coveralls
Interactive Media	
Performing Music	
Information Technology	
Early Year and Health and Social Care	
Hairdressing and Beauty	Black top and black trousers
Professional Catering	

#### **Great Driffield Radio and ERVAS Collaboration**

Great Driffield Radio in partnership with ERVAS are working with our student school leadership team to create a new Driffield School and Sixth Form Radio Station. The students have had their first meeting with John Harding. This is an exciting partnership which will allow our students to take part in high quality work experience and to develop their employability skills. Students are meeting regularly as part of the student leadership team and will work on many varied topics. Currently the Sixth Form broadcasting team will be in charge of presenting but this will expand in time. Broadcasters need to be confident and creative, adaptable, calm and able to work well under pressure. Good organisation, communication, team-working and problem-solving skills are also necessary.

## 350 Careers One NHS 'Your Future'

This free booklet is available for students from the Careers Office. It highlights the multitude of different careers in the NHS; and has already been handed out to those studying Health and Social Care in Year 10 and Year 12.

- Now there are many apprenticeships available for roles within the NHS.
- Many health careers are not necessarily in a medical or caring role.
- Many roles do not deal with patients' directly.
- Continuous learning and development are at the heart of working for the NHS.
- More information can be found on [www.healthcareers.nhs.uk](http://www.healthcareers.nhs.uk)
- Locally to search for NHS apprentices then please visit <https://joinhullhospitals.co.uk/apprentices>

## Reds10 Assembly for Year 10s

Paul Ruddick, the Chairman of Reds10, is coming in to speak to all our students in Year 10 about apprenticeships and career opportunities at Reds10. Reds10 is a modular building producer. It provides clients with a full turnkey service to design, finance, build, equip, operate and hire buildings and accommodation for healthcare, education and defence. They focus on excellent customer service and high building performance with the production of less carbon. This will give students a real insight into what skills are required at Reds10 and what it takes to be a Chairman of a highly successful business. For more information about Reds10 then please visit <https://www.reds10.com/>

## Open Days

Year 10 students should be investigating where and what they would like to study next academic year. The choice includes A levels and other equivalent vocational level 3 qualifications, apprenticeships and the new T levels. T Levels are new qualifications which have been developed collaboratively with UK businesses to better prepare students for the world of work and higher-level study. The two-year course will combine classroom theory with practical learning and an industry placement. The open days/evenings will be shown on Log On Move On. Please note that these may change due to government guidance. Please visit <https://www.logonmoveon.co.uk/events/>

## Year 10 Careers Appointments

Year 10 students are now having one to one careers appointments with Julie Barker. Drop ins are also welcome on a Tuesday and Wednesday break time and lunchtime. It is important that students are starting to research their future options. Students who have an effective career plan go on to earn on average 16% more than their peers. Students can also request a careers appointment via email with Julie Barker our Careers Adviser on [julie.barker@driffieldschool.org.uk](mailto:julie.barker@driffieldschool.org.uk)

## Humber Apprenticeship Showcase Wednesday 23 June 9.00 am-3.00 pm

Humber Outreach Programme and Humber Careers Hub have joined forces to collaborate on a dynamic virtual event to help students get a real flavour of apprenticeships on offer in the Humber region. The Humber Apprenticeship Showcase will help empower students to make more informed decisions about their futures. Students just need to scan the QR code to book the event.

**The program includes**

<b>26 live talks</b>	<b>Video and written case studies from apprentices and employers</b>
<b>Opportunities to engage with employers across the Humber region</b>	<b>Opportunities to meet current apprentices</b>

**Students can book now!**

**Employers at the Humber Apprenticeship Showcase**

As of the 15 June there are 289 apprenticeships available in a 20-mile radius around Driffield School and Sixth Form. To research apprenticeships then please visit <https://www.findapprenticeship.service.gov.uk/apprenticeships>

## Virtual Careers Fair Tuesday 29 June

The Virtual Careers Event will be available all day on the 29 June with updated content from across the Humber region and some new contributors. The website link is [www.humbercareers.co.uk](http://www.humbercareers.co.uk). The platform is free to access and does not require prior registration. It will be available from 8.30 am until 6.30 pm and will showcase further education, higher education and apprenticeships.
