Dear Parent or Carer,

RE: Year 9 Options

I am delighted to inform you that we have now been able to confirm your child's GCSE option subjects that they will be studying from September 2021. This has been communicated to students in the form of a letter via their tutor group this morning.

We endeavour to accommodate all students' option choice combinations and the vast majority of students get their preferred choices. All students have been allocated either their first or reserve choices. In the small number of cases where students have been given their reserve choice, I have met them individually to discuss this.

Students will study these subjects through Years 10 and 11 and for the vast majority of subjects they will sit their final GCSE examinations during the summer term in 2023.

Now that students have had their options confirmed, we appreciate that they will still be in subjects that they won't be studying next year. It is important that students continue to engage in all subjects for the rest of this academic year so that they complete their full Key Stage 3 curriculum. This is more important than ever this year, as due to the coronavirus pandemic, students have missed learning and teachers are continuing to work on filling these gaps during the rest of this term.

I hope that your child is looking forward to beginning Year 10 and that the next two years will be exciting, challenging and successful. We look forward to continuing to work with you in supporting your child to thrive in their GCSEs.

If you have any questions or queries about this please contact the main school office or email options@driffieldschool.org.uk.

Yours faithfully,

A handwritten signature in black ink, appearing to read "Mr Evans".

Mr M Evans
Assistant Headteacher
