

11 February 2022

Dear Parent or Carer,

RE: 2022 summer exams: advance information

I am writing to you regarding the advance information for GCSE and A level exams that the awarding bodies released on Monday 7 February 2022.

The advance information is intended to give students prior notice of some of the aspects of the specification that will be assessed in the examination papers. Advance information is available for all subjects except GCSE English Literature, History, Geography (as these subjects have had some content removed) and GCSE and A-Level Art and Design (as these are assessed by portfolio only).

The advance information can be found at the links below:

Awarding Body	Link
AQA	AQA 2022 exam changes
Edexcel	Summer 2022 support Pearson qualifications
OCR	2022 advance information (ocr.org.uk)
WJEC	Advance Information (wjec.co.uk)

Although the advance information is intended to highlight where to focus more specific revision, some subjects have 'synoptic questions' which require students to draw together different areas of knowledge, skills and understanding from across the specification. Please be assured that class teachers will speak to students in lessons in more detail about the advance information in their subjects and make it clear how best to use this advance information to support their revision.

Many thanks for your ongoing support.

Yours faithfully,

Mr D Andrews
Head of Sixth Form

Mr M Evans
Assistant Headteacher
