

22 February 2023

Dear Parent or Carer,

**RE: A Level Geography Fieldwork Visit**

Geography fieldwork is an important part of the course and we feel it offers an opportunity to widen knowledge and help students appreciate the content they are taught in the classroom.

We would like to offer your child the opportunity to take part in fieldwork and have organised a day trip to Sheffield on Tuesday 14 March 2023. This trip will be of real benefit to students as it links to a range of topics students are studying, including: changing spaces, making places, global migration and Earth's life support systems. We have a workshop booked at the Botanical gardens in the morning which will give students the opportunity to further study carbon sequestration and look at the 'grey to green project' set up alongside Sheffield University. The afternoon will be spent around the city centre developing case study knowledge.

The total price for the trip is £25 and this will help to cover transport for the day and the workshop. If you would like your child to participate in the visit, please can you provide consent through the following link: <https://forms.office.com/e/AGNF6tj1GQ> by Wednesday 1 March 2023. Payment should be made through ParentPay and I would request that payment be also made by Wednesday 1 March 2023.

On the day of the trip, students should meet at school at 7.45 am in the sixth form centre. Students will be back after the school day and so should organise travel arrangements home. We are expected to return around 6 pm but this may change depending on traffic and we will inform you.

I do hope your child may be able to join us on the trip. If you have any further questions, please do not hesitate to contact me.

Yours faithfully,

Mrs C F Vicary  
Head of Geography
