

14th March 2023

Dear Parent or Carer,

RE: Bike Library – Take a Bike Home for Free for One Year!

I am pleased to inform you that Driffield School & Sixth Form has been selected for a project aimed at encouraging people to take up cycling.

A 'Bike Library' has been funded by East Riding Council for 30 bicycles to be loaned out to your children to take and use at home for **FREE for one year**. The project is run by the local charity R-evolution, who also train cycle mechanics and sell affordable bikes at Trinity Market in Hull City Centre.

R-evolution will be at the school on Thursday 23 March 2023 from 9 am to launch the project and give out 30 bikes to the students.

A range of cycles will be available on the day along with helmets and advice, and bikes will be maintained by R-evolution at various stages throughout the year.

If you wish to be a part of the scheme, please register your interest by completing the slip on the Loan Agreement sheet and returning it to the ACE Reception by Friday 17 March latest.

Bike Donations

R-evolution are also trying to collect as many unwanted cycles as possible in an effort to extend the Bike Library and enable more people to enjoy cycling. If you have any unwanted bikes cluttering up your shed or garage, then we would be delighted if you could bring them along and donate them on the day. These bikes will then be refurbished and safety checked before being added to the library.

We are looking forward to meeting you then.

Yours faithfully,

Hanna Moore
