

28 February 2023

Dear Parent or Carer,

RE: CAMNAT Engineering Design coursework deadline

I am writing to make you aware of the upcoming coursework deadline in CAMNAT Engineering Design.

Students must complete two pieces of coursework this year and each is worth 25% of the qualification.

Students have recently submitted these for review and will have two weeks to improve their work in lessons. After Friday 10 March 2023 no further lesson time will be available to work on these, however afterschool sessions will still be available. Final submissions must be made by Thursday 30 March 2023.

All students have been invited to afterschool catch up sessions on Mondays and Thursdays in DT5 and I ask that where possible, you encourage your child to attend these. Twilight buses are available on these evenings.

Unfortunately, we cannot authorise students to complete assessed tasks at home, however they can complete preparatory or supporting work. I am happy to discuss with individual students what work may benefit them most.

If you have any queries about this work, please do not hesitate to get in touch.

Yours faithfully,

Mrs R Knight
Subject Leader for Technology
