Dear Parent or Carer,

RE: HPV Vaccines

You are receiving this letter as your child missed their original HPV vaccination. Students in Year 8 receive their 1st dose of the HPV vaccine, followed by Year 9 receiving their 2nd dose. If you consented to your child receiving their HPV vaccine whilst in Year 8, this consent will carry over for your child when they enter Year 9.

The HPV vaccine has for many years been offered to all students in Year 8 and Year 9. The evidence shows that the HPV vaccine helps to protect students from HPV related cancers. To receive the best protection, it is important that your child receives both doses, scheduled 6 to 12 months apart.

The catch-up vaccinations will take place in school on Tuesday 4 July 2023. Please add this date to your calendars. Students will be expected to attend ACE Room 1 & 2 from 8.45 am.

If your child has already had the HPV vaccination recently please disregard this message. Alternatively, if you need to provide new consent or make enquiries regarding consent for your child, please contact the Immunisation Team directly using the contact number below.

If you have any problems or you prefer to discuss the vaccination or check consent, please telephone 0333 358 3397 option 2 (1, 2)

Many thanks,

Immunisation Team
