

DRIFFIELD SCHOOL & SIXTH FORM

EXTRA-CURRICULAR R O U N D U P

Welcome to our extra-curricular round-up for this term. This edition showcases the wonderful opportunities that are on offer at Driffield School. Our extra-curricular programme is designed to provide a wide range of experiences that enrich character, community involvement and social development and it has been great to see so many students involved! A big thank you to all the staff who have been so generous with their time to enable the extra-curricular activities to take place.

晟

PERFORMING ARTS

MUSIC TOUR - BARCELONA 2023

On Friday 26 May, forty three students with staff led by Mr Couper (Subject lead for Music) left for Barcelona on another music tour. The school group were based in Tossa de Mar. The students performed concerts in three towns in Catalonia including Lloret de Mar, Tossa de Mar and Platja d'Aro. The concerts featured students performing a range of pieces of music as an ensemble or as a soloist. The students ranged from Year 8 to Year 11.

Outside the performances, students were able to visit Barcelona itself including the marina, Parc Guell, Sagrada Familia and La Ramblas.

This is the seventh music tour led by Mr Couper, and the first international trip since Covid. This tour follows on from the Cornwall UK tour last year. Mr Couper said "These tours are so rewarding, providing students with life skills and cultural experiences. The visits are combined with concerts in different locations, providing an insight into musical performance for the future. These opportunities build self esteem, confidence and promote personal development. The students have been ambassadors for the school and each and every one of them should be proud of their achievements. Great memories."

THE MUSICAL JOURNEY BEGINS SEPTEMBER 2023

SPIERS

YEAR 7 SPIERS VISIT

Over the last fortnight all of our Year 7 students have had the opportunity to visit Spiers Bank House in the North Yorkshire Moors. A residential visit to Spiers Bank has long been a tradition of Driffield School and following a hiatus just prior to and during Covid, we are pleased that over the last couple of years, we have been able to reinstate this activity.

The Year 7 students visit the centre for two days with their tutor group, staying overnight and engaging in a range of activities in order to further develop friendships and a range of skills that are part of their personal development in school. The emphasis on the trip, other than having a great time, is to help the students learn and develop vital skills, such as team work, communication and leadership.

Activities include team working opportunities, through games such as "swamp crossing" and an afternoon of den building in the forest. Here students are given the responsibility to take a lead on tasks, communicating with their team to succeed in the tasks set. We make good use of the nearby stream to encourage the students to use a network of guttering to transport water from one location to another, a game the students love. After their evening meal the students then have to don a blindfold and negotiate their way through a labyrinth of ropes in the forest, with screams and laughs a plenty! After a range of party games on the evening the students arise the following morning to clean the centre ready for the next group (a new experience for many of our students) and then embark on a walk through the forest to make the most of the fantastic scenery.

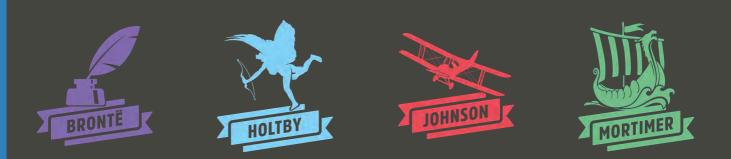

YEAR 7 SPIERS VISIT

We are really proud of the centre and the opportunity that it offers for our students to spend time in a beautiful part of the world. This year's sponsored walks (staff and students) are raising funds to continue to improve the facility, with our current focus being on installing full disabled access. If you would like to donate to these efforts please do so through the links below, according to the house your child is a part of:

STAFF SPOTLIGHT

MISS APPLEBY

My name is Miss Appleby and I am Head of Department for Art and Photography. I have a passion for all things creative and love visiting art galleries, museums and castles. Always with a pencil in hand, I decided that I wanted to be an artist at the age of 7. My favourite artists are Louise Bourgeois and Jean Michelle Basquiat. I love to use mixed media and generally create large scale paintings of a personal nature which can be very gestural and expressive. Here are a few examples that I have created for students and a commission piece.

I have grown up all over Hull and Leeds as my parents used to manage pubs, so it's no surprise that I love to sing and perform; I was once in a band called "Union". I have performed at Hull KR's ground as well as Lincoln football club. Songs that I love to sing are by Celine Dion, Whitney Houston, Barbara Streisand and any power ballads. I would love to play a musical instrument, like the guitar or piano, following in the footsteps of my great grandad Bert Mitchell who played the organ at Hull Minster.

I love camping and would happily live in a tent! My family and I like to explore new places when we go away on holiday. Always outdoors, we regularly go running, walking, cycling and fishing. I have always been active and was once a run leader for 'Fitmums and Friends' and have participated in many running events such as a Total Warrior and The Great North Run. Always being covered in mud and being a "tom boy", I decided to try rugby at the age of 36 and absolutely loved it. I love being a part of a rugby family and I am very proud to be a part of the Driffield women's rugby team as well as also having played for Hull Kingston Rovers women's team. My Hull KR women's heritage number is 24.

SIXTH FORM

It has been a busy period of time in the Sixth Form beyond the classroom as our current Year 12 students consider their next steps beyond the Sixth Form and we wish a fond farewell to our outgoing Year 13 students.

The Year 12 students have recently attended two higher education events across the region as they begin to consider if study at University is a pathway that they would like to follow. Their first visit took them to the open day at the University of Leeds, a large Russell Group university, where they got to sample campus life and attend subject specific sessions in the universities facilities. They then visited the UCAS Discovery Day at the University of Hull, which is attended by representatives from universities from across the country. Students get to speak to these representatives to find out about the courses on offer and also have the chance to explore Hull's university campus.

Our new Year 12 student Union leaders got their tenure off with a bang, organising the annual staff vs Sixth Form football match. A close fought game ended with a 1:1 score, which led to a tense penalty shootout, which the Sixth Form students emerged victorious from. Both spectators and players thoroughly enjoyed the experience, whilst raising funds for their nominated cancer charity - The Teenage Cancer Trust.

SIXTH FORM

In recent weeks the Year 13 students have completed their examinations and have officially left the Sixth Form as they hope to pursue a future in employment, at university, or on an apprenticeship. Our annual leavers day saw a celebration assembly in school followed by a visit for lunch at Kingswood followed by a trip to Hollywood Bowl. It was a lovely day and a great opportunity for this remarkable year group to spend time together.

Last week also saw our annual Sixth Form awards evening, where students nominated by their subject teachers were invited back to the Sixth Form to collect a gift and to hear some kind words, extolling their virtues. It is always wonderful to have the chance to celebrate the achievements of our students, who thoroughly deserve recognition.

YEAR II PROM

The Year II Prom took place on Friday 30th June at Beverley Racecourse, with the poor weather not dampening anyone's spirits! With everything from limousines, tractors and classic American vehicles to high performance sports cars and one notable motorbike and sidecar, the arrival of our students was a sight to behold! The outfits on display were stunning and it was a joy to see so many Year II students enjoying themselves, celebrating the end of their academic year. There was a lovely atmosphere all evening; once again our students were a credit to Driffield School and Sixth Form. Thanks to Mrs Jude, Mr McDonald, and Miss Dee for putting so much time and effort into organising this event for them.

YEAR II PROM

All pictures of Prom will be available on GCSE results day

SPORTS AWARDS

It was with great pleasure that Driffield School physical education team invited the students who had attended the extracurricular clubs and participated in school fixtures to the sports awards. The students arrived in all their finery to add a bit of glamour to the evening...Mr Duke even wore long trousers.

The evening started with an inspiring message from Lottie Fry, the ex-student who has been so successful in the equestrian world with Olympic medals and World Championships in dressage. She very kindly donated her Olympic shirt to auction where the successful bidders, The Tack Shop in Driffield, donated it to the school to display and inspire the students. Lottie spoke about the need to follow your dreams and how hard work and dedication lead you to the success you deserve.

Next was a question and answer session with the evening's guest, Ollie Green. Ollie is an ex student who is presently enjoving а successful professional football career with Hull City. He is captain of the under 23s and has made numerous first team appearances. Staff and students questioned him on how he got to where he is today and what it takes to become a professional in such a demanding field. It was great to have Ollie sharing his memories and also his journey from school into the professional game. He was inundated with requests for photographs and autographs throughout the evening.

The physical education team then celebrated the personal, individual triumphs of students in the school and the team successes in school activities. They were keen to highlight the success from the wider community and from within the school environment.

The next awards of the evening focused on the students who had voted for players player in the team events that have been played throughout the year. This is a popular award as you are recognised by your peers for the contributions you have made. Students were so pleased to come and collect the trophies and to be celebrated for their efforts and commitment.

SPORTS AWARDS CONTINUED

The physical education staff had chosen a number of students from each year group to be awarded sports personality of the year; this recognised the attendance at clubs, the willingness and commitment in school fixtures, the attitude and sportsmanship demonstrated and the overall positive contribution to physical education and school sport.

The evening was rounded off with a goodbye to Miss Dinsdale-Young who has been outstanding in her role as sports instructor and had led many teams, clubs and fixtures for us throughout the year...she will be sadly missed by all. We also welcomed our new member of staff in the same role, Mrs Burkinshaw.

A truly inspirational evening and one to remember for all in attendance...here's to a fantastic 2023/24.

P.E 🔊

WELTON WATERS TRIP

In mid-June, 43 students visited Welton Waters Activity Centre to complete part of their Cambridge National course in Sports Studies. An early start and glorious sunshine bred enthusiasm and broke down the nerves of potentially falling, or being pushed into the lake during one of the activities.

For the course, students need to display skills in an outdoor activity, demonstrate their understanding of health and safety and also communication, leadership and teamwork capabilities.

We were met at the centre by staff and students from South Hunsley who were there for the same course. We split into 3 groups and the students got involved in a carousel of raft building, paddle boarding and kayaking with the latter being the activity being used for the course.

With limited resources, students needed to design and construct a raft from wooden poles, barrels and rope. With 'granny knots' a-plenty the would-be sailors took to the water in their crafts hoping to win the race. Many felt the chill of the lake water, but then decided it was a refreshing change from the heat and after falling off remained in the water to drag, push and haul their de-constructed rafts from the water.

Paddleboarding was next, and we just couldn't all make it to the white buoy and remain there while the rest of the group joined. The wind played havoc for some, and some students drifted on the breeze and before they knew it, they were at the other side of the lake. Some students, and staff, attempted to stand for the core and cardio workout that is paddleboarding. Some fell over in dramatic fashion and others remained upright to see friends and colleagues dismount with great hilarity.

After the dinner break, the students took to the lake in kayaks and after an instruction of how to manage the kayak and paddle, it was race time. Skirting around the sunken sailing boat, the boat spinning uncontrollably in the wind and then back into the head wind we all managed the nearly 300m course with only a few corners cut.

The day was a tremendous success and enjoyed by everyone and after a brief swim in the lake and some questionable forward somersaults it was time to head back to Driffield.

P.E 5

EAST RIDING ATHLETICS CHAMPIONSHIPS 2023

Costello Stadium was draped in cloud and looked to promise some rain as Driffield School made their bid to crown some county champions across an array of track and field events.

Throughout the morning session, the rain came and the rain went before eventually calling a halt to proceedings and an early lunch break for students to top up energy levels with whatever hadn't already been eaten.

The morning session was for the boy's track events and the girls field events with the afternoon being vice versa. This morning session saw Dan Driskell become the Year 9 East Riding Champion over the 400m, Dan Massey finished 3rd overall in the Year 11 100m and Josh Walker finished 4th overall in the 100m. For the girls, Year 10 GCSE student, Emily Collinge finished 2nd overall in the triple jump and Ava Linskill 3rd in the Year 7 long jump.

Track and field were switched in the afternoon session which saw Tom Sutton victorious in the Year 10 High Jump for him to become East Riding Champion. There were podium finishes for Jess Hodgson 2nd in Year 10 100m, Year 7 boxer Evie Lakes came 2nd in the 1500m, Grace Ogden, 2nd Year 9 100m, Jacob Gregory came 2nd in the Year 10 discus in only his second time trying the event and there was a double podium finish for Year 9 Harrison Hornshaw who finished second and third in triple jump and high jump respectively.

There were fantastic performances across all age groups, events and sessions but special mentions must be given to Emily Collinge who competed in five events, Dan Driskell in four events and a super special mention to Year 7 Matthew Johnson who took on the challenge of the 1500m and any other space that was to be filled.

The Driffield School students held their own against all other schools from across the East Riding and fought against other talented students as well as wind and rain and were, once again, a credit to the school.

STUDENT FOCUS

WINNIE FENWICK

My name is Winnie and I have been riding since I was 2 years old.

My first pony was a 11.2hh Welsh section A named Popcorn. When I was 8 and my legs became too long for Popcorn, we bought Flint, a 16 year old 12.2hh Welsh section B pony, and tried out mounted games when my pony team club got a team together.

That was 5 years ago and we are still in the team. We have made it to some amazing venues including Birmingham international horse trials (twice), Osberton international horse trials, and my favourite, The Great Yorkshire Show in 2021 and again this year.

We also play for Staffordshire county in the mounted games association of Great Britain under 155.

Flint and I have an amazing bond to be able to do all of the stunts and tricks we do to save time in races. This bond has led to us being scouted to potentially ride for England.

Not long ago, I found Simba, a 3 year old Welsh section B x Arab, 13.2hh. Simba can't do much yet, but makes us laugh. I bought him to take the place of Flint next year and to train with him...his breed and his age make him quite a handful! I think when he calms down a bit he could be amazing, but for now we just need to know how to stand still. With a bit more time to gel I know he will fill Flint's experienced hooves.

P.E 5

SPORTS DAY

With a dreadful forecast and the possibility of storms in the afternoon it was with great relief that Driffield School started the 2023 sports day with a dry morning and hundreds of excited youngsters keen to win points for their house and claim the trophy as overall house champions. All of the students were involved in either the athletics events or the team events of rounders football and team vortex. This ensured that every students have the opportunity to take part in all the activities

The athletics started with a middle distance event of 800 m. We saw fields of up to 32 runners in each race and this is an amazing spectacle Then followed the sprints of 75, 150, 100, 200, 300 and 400 m. The shot, discus javelin and other throwing events saw some great distances achieved and down at the jumping pit, long jump and triple jump produced some future athletes. Head of PE, Andy Duke said:

" it was fantastic to see all the four house colours, taking part in all of the events.. How the staff managed to push all the races through in the morning it's beyond me and the effort from the students to participate in these events was outstanding. To try and beat the rain , we really did push the events through and when the rain eventually came at lunchtime, we were in an unfortunate, but an ideal position to halt proceedings before the relays took place and we are looking to fit these in in the last week of term. We managed to complete the majority of the team events and I'm so pleased and thankful for all the effort and support the staff and students gave in such a short space of time."

It is hoped that the relays will be finished this week and we will be able to announce the individual year champions and the overall House champions for 2023.

CRICKET

On 3 July, we played a Year 8 girls pairs cricket game against Headlands. It was a great experience for the people who haven't played before. The opposing team were very supportive. In our team, there were many people that stood out. For example, Edie was very good at batting and hit many 4s and 6s, Katie was very good bowling, Lola was great at fielding, and everyone was very special doing their own thing. Despite losing the game, everyone had a great day and a great time!

1st innings 4-2 Driffield 2nd innings 7-3 Driffield 3rd innings 9-6 Driffield

Outs

1st innings Driffield 11 outs on Headlands Headlands 7 outs on Driffield 2nd innings Driffield 20 outs on Headlands Headlands 10 outs on Driffield 3rd innings Driffield 8 outs on Headlands Headlands 4 outs on Driffield Key moments Dixon with 4 key run outs Kidd with 2 great catches Room with 2 great outs in the last inning Burchett with some great bowling 3strike outs and 2 catches Overall a great game for both sides

STAFF SPOTLIGHT

MY YEAR AS A PE INSTRUCTOR

I have spent the last year working at Driffield School in the newly formed role of a PE instructor. The aim of the role was to encourage students to get involved in sport and provide clubs and opportunities for everyone to get involved.

Through assisting in PE lessons, running after school clubs and taking students out to fixtures, I have come across a range of amazing students that have been a pleasure to teach.

One of my favourite parts of the job was running the netball club after school, I managed to build up a committed group of girls of all ages who not only grew in ability but confidence too. The girls were always eager to play and compete. It was a very rewarding feeling being able to take them out to represent the school, as for many it was their first ever fixture, they never failed to play with a smile on their face no matter the score.

I have really enjoyed coaching and taking fixtures of all sports this year; Netball, Swimming, Cricket, Football, Rounders and more. It is amazing to see students stepping out of their comfort zones and trying new things. As a former student at Driffield, I realise that extracurricular activities are a huge part of school life and the opportunity to compete and play is very important. After a slow start, being able to succeed in getting more girls playing sport and enjoying it has been brilliant.

Another one of my favourite moments was seeing the students celebrate their sporting successes at the Sports Awards. I felt very proud of what the girls have achieved this year and I am sure they will continue on to many more success.

I have thoroughly enjoyed working at school this year and wish all the students the best in their bright futures.
