Dear Parent or Carer,

RE: A Level Easter Booster Workshops

During the Easter holidays, we will be running a number of A Level exam boosters to supplement the revision that students will be completing at home in preparation for their A Level examinations that start in May. These boosters are intended to provide extra support to help their understanding of difficult concepts and are not intended to replace the revision that students will be doing at home.

Please find attached a timetable of the sessions we will be running. These are open to all students taking the course.

As the Easter sessions are taking place outside of term time, there will be no canteen facilities available on site. Students should therefore bring a packed lunch and drink with them.

In addition to these Easter sessions, we have our regular programme of revision sessions taking place in the morning, at lunch time and after school for most subjects.

In addition to these sessions the students should be spending significant amounts of time during the Easter holiday carrying out their revision. With the examinations beginning during the next half term, it is essential that the students make the necessary sacrifices in order to help them to secure positive outcomes in the summer.

As always, many thanks for your continued support.

Yours faithfully,

Mr D Andrews
Head of Sixth Form
