Dear Parent or Carer,

RE: Women in Emergency Services: Inspiring the Next Generation Event

Bridlington Lifeboat Station is holding a Women in Emergency Services Event on Tuesday 11 March from 5 pm.

The purpose of the event is to inspire girls and women into a potential future career in the emergency services.

There will be speakers from the Lifeboat Service, Lifeguards, HM Coastguards, Police, Ambulance Service and representatives from Humberside Fire and Rescue, the Army and RAF. The inspirational speakers are all very experienced in their fields. They will share stories on how they have overcome any challenges particularly when out-dated attitudes and bias may have been a barrier to their success.

After the talks there will be a chance to visit the career stalls and find out more about the different training and career pathways in the emergency services, volunteering opportunities and the desired skill set. The event is targeting females aged 15 onwards including adults who wish to get involved in volunteering and then a possible career change.

We want to inspire young women to not only consider a role in the Emergency Services (as they are under-represented) but also create a more positive approach to life. The women that are presenting are great role models with crucial roles in the Community.

Yours faithfully,

A handwritten signature in black ink that reads "R. Mortimer".

Mrs R Mortimer
Coordinator of Careers, Education, Information, Advice and Guidance
