Dear Parent or Carer,

RE: Medsoc Hull York Medical School (HYMS) Visit

Your child has signed up to be part of the Medsoc group in the Sixth Form, showing an interest in potentially working in the field of medicine or dentistry in the future. As part of our support programme for students with such aspirations, we are partnered with Hull York Medical School (HYMS), who provide a range of workshops and opportunities for students to develop skills and knowledge relevant to these areas.

Most university schools of medicine and dentistry, in recent years, have shifted to a teaching methodology known as PBL (problem-based learning) where the emphasis is on students developing problem solving skills. HYMS have offered us the opportunity for our Medsoc students to participate in a workshop on their teaching site on Thursday 18 June. The session will run from 9.30 am – 1 pm in the Allam Medical Building Lecture Theatre 2. We will transport the students in the school MPV, leaving site at 8 am, and hopefully returning for 2 pm. Students should meet in the Sixth Form Common Room.

The cost of the visit will be £9.00 to cover transport costs and the workshop. If you would like your child to participate in the visit, please could you provide consent through the link below and payment via ParentPay by Monday 8 June: [Medsoc: Hull York Medical School visit, Hull University, Thursday 18 June – Fill out form.](#)

Yours faithfully,

A handwritten signature in black ink, appearing to read "D Andrews".

Mr D Andrews
Head of Sixth Form
