1 June 2026

Dear Parent or Carer,

RE: Sustainable Futures – Careers Day at Bishop Burton College

We have organised a trip to the Sustainable Futures event on Tuesday 30 June for students that are considering careers in the land based, environmental, animal, sport, health and social care and linked sectors.

Bishop Burton College aims to educate all students about the importance of sustainability and how we can change and adapt to become more sustainable and efficient. Students will learn about opportunities in low-carbon sectors, such as agriculture technology, renewable construction and environmental conservation.

The college has partnered with many local industry leaders to help provide students practical insights into sustainable careers.

Students will have the opportunity to meet and network with industry exhibitors and the college teaching teams. This experience will help them decide their future studies and potential future career.

This event is being held at Bishop Burton College and we will be travelling to the venue by bus (provided by the college). The bus will leave at 9 am and will return by 3.30 pm. Students should meet on West Playground. Students should wear normal school uniform. There will be no cost to students for this visit.

Students should bring a packed lunch, as we will be travelling to the event over lunch time. If your child receives free school meals and requires a packed lunch providing for the day, please indicate this on the consent form.

In order for your child to take part in the visit, please complete the consent form via the following link by Monday 8 June 2026: [Sustainable Futures - Careers Day at Bishop Burton College, Tuesday 30 June – Fill out form](#). Please note, acceptance onto this trip is dependent on student behaviour. If we have any concerns prior to departure, this may result in your child being removed from the visit.

Yours faithfully,

A handwritten signature in black ink that reads "R. Mortimer".

Mrs R Mortimer
Co-ordinator of CEIAG
