Dear Parent or Carer,

RE: Sponsored Walk – Johnson House Fundraising

I hope you're well. I previously wrote to you about our upcoming annual sponsored walk. As we finalise our plans for the walk, we are delighted to share the fundraising arrangements.

Johnson House is walking to raising funds for the MND Association.

Motor neurone disease (MND) is a life-shortening neurological condition that affects the nerves controlling movement. It causes progressive muscle weakness, which can affect how a person walks, talks, eats, drinks and breathes. Symptoms vary from person to person and usually get worse over time, but support, treatment and equipment can help people live as well as possible. The MND Association offer support with:

- Practical and financial support
- Care and personal support
- Helpline (MND Connect)
- Online forum
- Support for families with children and younger people
- Bereavement support
- Bereavement service

If you'd like to donate, please use the link or scan the QR code below:

<https://gofund.me/7a4452034>

Every donation, big or small, will help us reach our goal and make a real difference.

Thank you for your continued support.

Yours faithfully,

Mr M Evans
Assistant Headteacher

Miss O Windmill
Head of Johnson House
